Magazine Kiosk, Teresa Wood
Book Sale, Betty Kroeze
Volunteer Coordinator, Annie Mahon
Membership, Jennifer Weiss

Ana Dawe, Interim Branch Manager, Cloverdale Regional Library

Hello all! My name is Ana Dawe and I am the Interim Branch Manager for the Cloverdale Regional Library. I have bounced around a lot since I began working for the Sonoma County Library in 2007. I have worked in Windsor, Petaluma, Roseland, Rincon Valley, Central, Guerneville (along with Forestville & Occidental), and now Cloverdale!

I am very happy to be here and am working on getting to know the city and community. The Cloverdale staff has been adapting very well during these strange times. The doors may be closed, but we are still just as busy! In addition to helping keep the library running, our Young Adult Librarian, Donna Romeo, has been joining High School classes via Zoom to demonstrate library resources and answer questions; and John Koetzner, our Children's Librarian, has been creating video tutorials for kids on how to use library resources.

Remember, all of our materials are available for curbside pick-up including our Wi-Fi Hotspots and Chromebook Kits. Thank you for continuing to show your support for the library during this time!

NEW BOOK STORAGE SHED

Betty Kroeze

This past March, the Friends purchased a storage shed to store donated books we sell at our book sales. With approval from David Kelley, Cloverdale City Manager, and site preparation by Craig Johnson of Cloverdale Public Works, the storage shed was installed behind the library. We are so happy that we no longer have to pay a monthly storage unit fee and transport boxes of books back and forth across town – now the books are stored on site and much more accessible to us.

Look forward to -

Ana Dawe, Interim Manager, is having a Zoom Community Coffee for the Cloverdale Library on October 29th at 11 am. Ana, Donna Romeo and John Koetzner will share ideas with community members about when and how our library will reopen to the public. To attend the meeting please email Ana at adawe@sonomalibrary.org.

I Love Chocolate (and wine tasting!)
October 18 at 4:00 PM

On October 18 from 4-5pm, join the Sonoma County Public Library Foundation (SCPLF) for a fun, free, virtual event, I Love Chocolate! (and wine tasting!) featuring talented chocolatier and Texas native, Robert Buttercup Nieto who will

demonstrate his craft of creating delicious chocolate treats and pairing each with wine to enhance the flavors. *Online Access Information*—Once you have signed up for the free event at <https://chocolate.brownpapertickets.com/> you will receive an email with how to purchase wine and chocolates (if you wish) as well as the Zoom invitation. Purchasing recommended wines & chocolate is not required to enjoy the event.

Friends of the Library Booksale and Membership drive will occur when the Library reopens to the public. The latest guesstimate is January.

Curbside Pickup Hours

Monday through Saturday

10 am—3 pm

How do I request an item for Curbside pickup?

Place a request by:

- 1) Find the item in the online catalog at find.sonomalibrary.org
- 2) When you locate the item you are interested in, click the Place Request button
- 3) A pop-up window will prompt you for your library card number and your four-digit PIN. Enter this information to log into your account.
- 4) Choose the branch where you want to retrieve your item through the curbside pickup service. If you don't see the branch you want in the list, click the list of branches and use the mouse or the arrow keys to scroll up and down through it.

You will be notified by phone call, text, email, or postal mail when the item is ready for the curbside pickup, so be sure your contact information is correct. If you want to pick up an item that's already checked in at your library location, you may call the library and ask staff to pull and hold the item for you. Once an item is ready for curbside pickup, it will be held for seven days.
